

SERVIÇO PÚBLICO FEDERAL

INSTITUTO BRASILEIRO DO MEIO AMBIENTE E DOS RECURSOS NATURAIS RENOVÁVEIS

OF/DEVIS/Nº061/93

Brasília, 20 de junho de 1993.

Dear Dr. De Dios,

We were very glad in receiving your fax confirming your offer of (1) female Spix's Macaw which will be placed in Chaparral's Breeding to pair with their male; therefore the female could be made available for reintroduction in the wild. This reintroduction, besides important is essential to the recovery of the species.

We'd like to thank you again for the disposition to accommodate a Brazilian representative in order to observe and study your medical husbandry and breeding protocols. As soon as we have an indicated person, we will contact you.

Finally, we would like to express that it is dignificant to perceive that still there are people with your disposition to help in preservation causes, like the recovery of the C.spixii.

Our best wishes,

Sincerely,

MARIA IOLITA BAMPI

Vice-President of the CPRAA.
